Secretary: Bruno Lujanac, glibrarians@gmail.com

Phone: +385996894000

Type of Organisation: NGO / International Educational Association

Short Description:

Global Librarians is an international network connecting librarians, educators, and education innovators. The association aims to transform libraries into active learning hubs through digital innovation, inclusion, and global collaboration. Strengthening European and global cooperation through IFLA, IASL, and ALA (the most important international librarianship organizations).

Mission:

To empower librarians and educators through international collaboration, innovative methodologies, and Erasmus+ projects that promote inclusive and future-oriented education.

Vision:

A globally connected network of libraries and educational communities driving digital transformation, inclusion, and lifelong learning.

Core Values:

- * Inclusion & equal access to education
- * Innovation in teaching and learning
- * International collaboration
- * Sustainability (SDGs alignment)

FIELDS OF EXPERTISE

- * School libraries & information literacy
- * Digital education & AI in learning
- * Inclusion & social engagement
- * Sustainable education (SDGs)
- * Teacher training & capacity building

Key Activities:

- * Erasmus+ projects and partnerships
- * International conferences and networking
- * Training courses for educators and librarians
- * Development of innovative learning methodologies

EXPERIENCE & CAPACITY

- * Participation in Erasmus+ projects for 15 years (e.g., education innovation, sustainability, inclusion)
- * Organisation of international training activities for 8 years
- * Collaboration with global education networks for 7 years

Key Competences:

- * Artificial Intelligence in education
- * Bibliotherapy & wellbeing
- * Digital storytelling & innovative pedagogy
- * Inclusive learning environments

An international team of educators and experts from Europe, Asia, and Africa.

Dr. Maria Fe Nicoalu, Indonesia

Dr. Mayasari Abdul Majid, Malaysia

Dr. Sophia Adeyeye, Sophia

Fredrik Ernerot, Sweden

Hanna-Kaisa Malinen, Finland

Target Groups:

- * Teachers
- * School librarians
- * Trainers & educators
- * Students

Priority Topics:

- * AI in education
- * Digital & media literacy
- * Inclusion and diversity
- * Wellbeing & mental health
- * Future of libraries in education

We are looking for Erasmus and Horizon partnerships with:

- * Schools and educational institutions
- * NGOs in school education and adult education
- * Libraries and cultural organisations
- * Research and training institutions
